### MTF DIRECTIVE 1/2017

TO : all members of the Malta Triathlon Federation

FROM : the Executive Board of the Malta Triathlon Federation

**SUBJECT : Communication Channels with the officials of the Malta Triathlon Federation**

DATE : 12 January 2017

In the past months, the Council of the Malta Triathlon Federation has discussed the communication channels of the members with the Malta Triathlon Federation. Therefore, after due discussion and deliberation, the Executive Board of the Malta Triathlon Federation has decided and is giving direction that:

- Communication with the officers of the Executive Board of the Malta Triathlon Federation shall be received only via the official channels;
- The official channel of incoming communication with the members of the Executive Board of the Malta Triathlon Federation shall pass through the Club Representatives. Therefore, athletes, coaches and members shall inform their Club Representative first, who in turn will pass on the communication, query, etc to the Executive Board. For clarity's sake, the Clubs affiliated with the MTF are B' Kara St. Joseph Sports Club, St. Patrick's AC, Mellieha AC, Pembroke Athleta Club, Agones SFC and Mosta Cycling Club;
- The Official channel of the MTF shall be through its website ([www.triathlonmalta.org](http://www.triathlonmalta.org)), its official email address ([info@triathlonmalta.org](mailto:info@triathlonmalta.org) and other related electronic addresses) or its official telephone line (+356 79037933), and, to a lesser extent, its official Facebook page ([www.facebook.com/TriMalta](http://www.facebook.com/TriMalta)).

MTF members are asked to refrain from using any other method of communication to discuss triathlon-related business on other forms of communication, such as personal telephone calls, instant messaging systems websites and applications, etc. Such communication shall not be entertained.

These measures are being introduced to ensure that all communication is effective, transparent, coherent and consistent, based upon an official position of the Executive Board rather than a one-person decision taken on the spur of the moment. Therefore, these measures are aimed at an enhancement of service towards the members and athletes.

These measures shall enter into force with immediate effect.

All members and stakeholders are asked to be familiar with these measures and abide with them instantly.
